

Walking Pad CS 2000

Ideal walking treadmill for walking and running training at home or in the office

- The treadmill can be set up or folded without much effort and in no time.
- **Ultra-flat collapsible (13 cm high), can be stored almost anywhere and therefore ideal for households with small space requirements**
- Motor continuous power 0.6 hp (490 watts), engine maximum power 1 hp (735 watts)
- Speed: 1 km/h up to 8 km/h (adjustable in 0.1 km/h increments)
- 1 manual program with default time, distance, and approx. calorie consumption
- 6 predetermined training programs with programmed speed control
- 6 professional dampers for running like on the forest floor for joint-gentle training
- **2 walking sticks for extended walking training of the upper body & arms**
- Safety belt stop
- LED display with simultaneous display: time, distance, speed, approx. calorie consumption
- **Wristband remote control for easy and practical control on the wrist**
- Transport rollers for easy relocation

Walking Pad CS 2000 Treadmill

The Walking Pad CS 2000 is the ideal all-rounder for your daily workout. With its generous running surface of 120 x 40 cm (L x W) it is very suitable for walking and running training, both at home and in the office.

The treadmill can be set up or folded up in no time at all and can be easily and space-savingsly stowed away after use. With its height of 13 cm, it can be folded ultra-flat and can therefore be stowed almost anywhere. The CS 2000 is therefore ideally suited for households with little space.

All programs and the speed are easily set and controlled using the wristband remote control supplied. The speed can be selected up to 8 km / h and is adjustable in 0.1 km / h steps. The walking pad has 1 manual and 6 preset training programs.

A large and clear LED display is used to display the values, on which time, distance, speed and the approximate calorie consumption can be read.

With the walking sticks you can train your arm muscles and experience realistic walking training. The safety tape stop ensures proper safety during training.

The 6 professional dampers ensure training that is easy on the joints and with the mounted transport rollers, a quick and easy change of location is possible.

Article	Product category	Walkingpad
	Model	CS2000
	Art. Nr. / Order Nr.	2030
	EAN	4044163020303

Technical data	Productweight	28 kg
	Dimensions	Dimension approx.: L 150 x W 66 x H 115 cm Dimension folded: L 150 x W 66 x H 13 cm
	Loadable up to max. / Body weight up to max.	120 kg
	Technical characteristics	<ul style="list-style-type: none"> • 0.6 PS (0.49 kW) • Speed km / h: 1 to 8 • Motor continuous output 0.6 PS (490 watt), • Motor maximum power 1 PS (735 watts)
